Work Experience

Associate Software Engineer-I, Acuity Knowledge Partners

Feb 2022 - Feb 2024

- Developed and maintained web applications using React.js, ensuring high performance.
- Implemented clean, maintainable, and efficient JavaScript, HTML5, and CSS3 code for various components of the application.
- Participated in sprint planning, stand-ups, sprint reviews, and retrospectives.
- Implemented RESTful APIs and integrate with back-end services using ASP.NET Core. Used AWS for maintaining CI/CD pipelines and project configurations in S3 bucket.
- Participated actively in code review sessions, promoting adherence to established coding standards within the team.
- Developed unit tests for critical components, leading to reduced risk of defects in production code.
- Participated in sprint planning sessions, estimating task complexity and prioritizing work items accordingly.
- Utilized version control tools such as Git for effective collaboration among team members during development cycles.

Associate Software Engineer-II, Acuity Knowledge Partners

Feb 2024 - present

- Performed code reviews and optimized front-end performance to enhance user experience.
- Developed well-organized training materials for end-users, enabling seamless adoption of new software features.
- Collaborated closely with product managers and other stakeholders in an Agile environment to define user stories and acceptance criteria.
- Assisted in troubleshooting and resolving production issues in a timely manner, minimizing downtime for users.

Projects & Contribution: I played a pivotal role in developing key features for 'BEAT PitchbookHub' and 'BEAT BankerHub', SaaS platforms streamlining investment bankers' workflow and deal lifecycle management. Contributed to pitch creation, file management, versioning, access control, and maintaining the graphics repository. Ensured seamless user experience and efficient deal management while implementing audit and log functionalities for data integrity and security, utilizing SNYK, BURP, SonarQube tools for security and code quality.

Educational Background

Master of Computer Applications (MCA)
Graphic Era Deemed to be University, Dehradun, Uttarakhand - 2022 - 91%
Bachelor of Science in Physics Hons (B.Sc.)
Graphic Era Hill University, Dehradun, Uttarakhand -2020 - 89%

Skills

Technical skills

- HTML
- CSS
- JavaScript
- React
- C#
- .NET framework
- TypeScript
- Artificial Intelligence
- Prompt Engineering
- AWS

Other skills

- Web Development
- Agile Scrum
- Debugging & Testing (RCA)
- Client Interaction
- Conflict Resolution
- Networking
- Team Collaboration
- UI/UX

Tools/Sofware

- AWS
- JIRA
- GitHub
- Swagger
- Postman
- BURP tool
- SonarQube
- SNYK
- ZAP

Languages

- English (Fluent)
- Hindi (Proficient)
